Person working with
At-Risk Clients?

Someone interested
in the latest HIV/AIDS
Info in Philly?

Then join us on
June 16th!

Prevention and Outreach Summit

Wednesday June 16th, 2010 8am-5pm

The Pennsylvania Convention Center 12th & Arch Streets

WHAT IS THIS ALL ABOUT?

The summit is free and open to the public and is the place to find out what are the latest trends, programs, and policies around HIV/AIDS in Philadelphia and nationwide.

We bring together people working in the HIV field, with those working in other fields, such as housing, faith-based initiatives, drug and alcohol, mental health, youth services, and more to create discussion about evidence-based outreach strategies and best practices in targeting and connecting to care the most at-risk groups in Philadelphia.

Workshop Tracks Include: Research, Women, Faith-based, Youth, Sex Work, Latino, Housing, LGBTQ, In the Field, Getting Personal, HIV and Substance Abuse, Justice and Policy, HIV and Aging

*Breakfast and Lunch provided!
